## NEW BIBLE SERIES

The first two courses in our new *Journey Through the Bible* series are now available for the seventh and eighth grades. Stay tuned next year for the release of the last course in the series.

## **JOURNEY THROUGH THE BIBLE COURSES**

The strength of the *Journey Through the Bible* series lies in its ability to have students encounter the biblical text firsthand through manageable daily

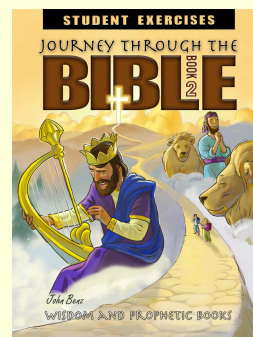

readings. The first two courses in the series cover the Old Testament: the first course helps seventh graders deal with the Pentateuch and historical books, while the second course guides eighth grade students through the wisdom and prophetic books.

The *Journey Through the Bible* series will continue through the ninth grade. The final course in the series covers the New Testament and will be published in 2015.

Each course includes a student textbook, a student exercises workbook, an answer key, and a test packet. They are designed for an entire school year and are divided into four units totaling 160 lessons.

The student textbook includes several illustrations, maps, and charts. The lessons include outside Bible reading, as well as commentary within the textbook that helps to bring clarity to that reading. Many lessons also have vocabulary words and/or thought questions. The text is designed to work closely with the accompanying student exercises workbook.

For more information about the series, see the sidebar and the product details on the following page.

## **Student Exercises Workbook**

The student exercises workbook for the *Journey Through the Bible* series includes daily Scripture reading for the school year. It also contains questions for both the Bible and textbook readings. The workbook is designed to work in tandem with the accompanying student textbook.

A separate answer key provides answers to the workbook questions. The test packet includes eight tests and a test key.
