

Christian Liberty Press

Your Partner in Training Disciples for the Lord Jesus Christ

NEW PRODUCT

We are pleased to announce the release of new editions of two long-standing courses. Both are available now.

STREAMS OF CIVILIZATION VOLUME ONE

The third edition of *Streams of Civilization Volume One* has been extensively expanded and improved. The illustrations have been significantly updated, the text has been revised, and student exercises have been enhanced.

This expanded and updated full-color world history text provides a comprehensive overview of

ancient history from Creation through the 1620s. Written from a Christian perspective, this hardcover edition contains vocabulary terms, comprehension questions, and suggested projects. The text contains many colorful images and maps, as well as additional side-bars. The layout of the textbook has been changed from landscape/horizontal to portrait/vertical.

In addition to the textbook, this course includes a teacher's manual and a test packet. The teacher's manual provides instructors with explanations of major concepts, lesson plans, comments on special vocabulary, special project helps, and more. It also includes answers to the chapter comprehension questions, as well as definitions for the vocabulary terms.

The test packet contains 17 tests, each spanning one chapter, consisting of multiple choice, matching, and true-false questions to evaluate a student's comprehension of the textbook material. The test packet also includes a test key for use by the teacher.

As a heads-up for next year, Christian Liberty Press is currently working on the third edition of *Streams of Civilization Volume Two*. We are hard at work on a new version of the textbook, teacher's manual, and test packet and expect to release them in 2017. Stay tuned for further details.

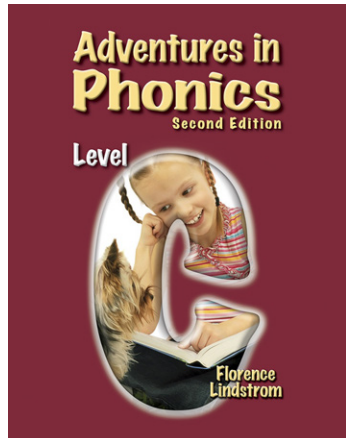

History Stories for Children

We are in the midst of revising *History Stories for Children*. The illustrations in this new edition have been redone, with many new four-color images. More poems have been added and the student exercises have been expanded.

We expect to have this new edition available in about a month. In the meantime, the remaining inventory of the current, second edition book has been reserved for use by the CLASS homeschool program and our curriculum kits.

ADVENTURES IN PHONICS: LEVEL C

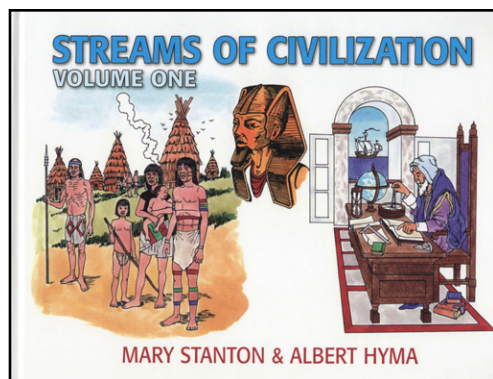

This third course in our *Adventures in Phonics* series finishes the formal study of phonics. Designed for second grade, it reviews sounds, blends, digraphs, and diphthongs. It covers prefixes and suffixes, plurals, synonyms, antonyms, homonyms, apostrophe usage, syllables, and pronunciation. Drill, repetition, and writing activities are used to help ensure comprehension. Phonics rules charts are included at the end of the workbook.

This new edition is similar in content to the original edition. However, it has been reformatted out and includes a new cover design (see older cover image below).

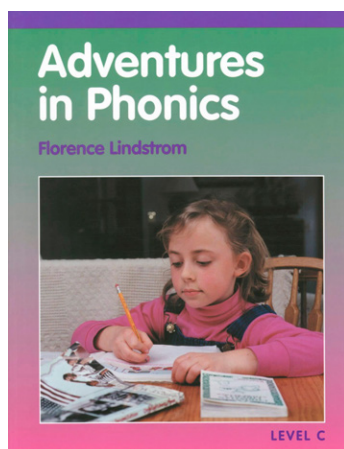

In addition to the student workbook, this course includes a teacher's manual. It helps instructors teach phonetic principles to students. It aids instructors to effectively help students pronounce letters and words and improve their reading. It also provides answers to the questions and exercises within the workbook and includes additional phonics charts at the end of the manual.

OUT OF PRINT

These changes will result in the older editions going out of print. We would like to thank you for your purchase of these older editions over the years. We would especially like to thank those of you who have made the original version of *Streams of Civilization Volume One* to be such a success.

The first two courses in the original *Adventures in Phonics* series—*Adventures in Phonics: Level A* (kindergarten) and *Adventures in Phonics: Level B* (1st grade) are already out of stock. *Adventures in Phonics: Level C* (2nd grade) still has several hundred copies of both the original workbook and teacher's manual available. We also still have several hundred copies of the original version of *Streams of Civilization Volume One* in stock. If you would like more copies of the original editions of either *Streams 1* or *Phonics: Level C*, you should place your order soon. We will not be reprinting either of these courses in the future.

PRODUCT INFORMATION

Please note the product information below. Each of these items is currently available. Feel free to contact us if you have any questions. Feel free to request sample copies for your review. You can also see sample pages on our website.
