*Your Partner in Training Disciples for the Lord Jesus Christ*

## NEW for 2018

We hope that 2018 has begun well for you. We have been busy putting the final touches on several new or revised titles for release this year. We have published updated versions of various reading, Bible, and language arts courses, as well as certain teaching tools titles. All of these products are now available.

## READING

We are releasing two readers in 2018. The first of our updated titles in 2018 is the second edition of *Stories of the Pilgrims*. We have provided a new cover for this popular title. It has the same great content as the

previous version of the book, but it now has a far more appealing cover. Since the content has not changed, we are continuing to use the same ISBN and order number as applied to the version with the previous cover. The previous cover version of this reader is no longer available.

Our most significant change comes to *Christian Liberty Nature Reader: Book Five*. We are excited to announce that the third edition has been completely rewritten and now focuses on marine biology, bringing to life Earth's hydrosphere with entirely new four-color illustrations. Students will see the glory of God in nature as they read about creatures in or near the ocean, both large and small. Review questions at the end of each story are included in the book. A separate answer key for these questions is also available. The original edition is now out of print.

The *Christian Liberty Nature Reader* series has long been one of the most popular of our offerings. We are currently in the process of making them even more engaging. We started this effort with *Book Five* and anticipate releasing additional new editions next year.

## BIBLE

We have released the second edition of *Journey through the Bible: Book 1* course materials. This course is the first of a three-part series on the Bible. The strength of the *Journey Through the Bible* series lies in its ability to have students encounter the biblical text firsthand in manageable daily readings throughout the school year. This course is designed for junior high and covers Genesis

## UPDATED POLICIES

We worked on updating our distributor and school-church customer policies over the past few months. Our goal was to make them consistent with current practice. They went into effect on March 15. Our customer service department recently e-mailed links to these revised guidelines. If you need another copy, you can either go to the distributor or school-church registration information page on our website or contact our customer service department.

through Esther. The second edition has been updated to better illustrate how Christ is reflected in the Old Testament, as well as additional text improvements. The course consists of a newly revised student textbook, student exercises workbook, answer key, and test packet. The original student exercises workbook is now out of stock—other first edition components are still available while supplies last—but the second edition workbook can be used with the original textbook.

## LANGUAGE ARTS

With the latest update to the MLA writing style, it was time for Christian Liberty Press to update *Writing a Research Paper* and *Applications of Grammar: Book 4*. The second edition of *Writing a Research Paper* will guide students step-by-step through the process of writing a research paper—from selecting a topic to publishing a final draft—all based on the new MLA style. The original edition of *Writing a Research Paper* is still available while supplies last.

*Applications of Grammar: Book 4* helps students transition from the rules of grammar to focusing primarily on their application. Students will focus on using their grammar skills through writing good sentences, outlines, drafts, and, ultimately, research papers. As with *Writing a Research Paper*, second edition, the updated edition of *Applications of Grammar: Book 4* has been revised to reflect the new edition of the MLA writing style. The accompanying support materials have also been updated to reflect the changes to the workbook. The original edition of *Applications of Grammar: Book 4* is still available while supplies last.

## TEACHING TOOLS

We have released a second edition of the *CLASS Lesson Planner*. This popular planner has been extensively revised and updated to meet the particular needs of today's home educators. It thoroughly equips busy parents with practical help to manage their home school. It is packed with suggestions for developing lesson plans, organizational techniques, and forms that allow the homeschooler to be more efficient in school administration and in the creation of permanent records. The original edition of the *CLASS Lesson Planner* is now unavailable.

We do not typically write about teacher's guides, but we are making an exception in the case of the second edition of the *Christian Liberty Preschool Teacher's Guide*. As part of our on-going effort to improve our preschool program, this teacher's guide has been extensively revised to completely integrate all of the components of our preschool program into a comprehensive educational plan, explaining when and how to use these materials. At the same time, it still emphasizes our *Activity Book*, providing specific instruction on how to use each page in this workbook. The previous preschool teacher's guide is no longer in use.

## 2018 PRODUCT CATALOG

We also recently mailed our 2018 Product Catalog. If you still need a copy and are located within the continental United States, we would be happy to send one to you. Just contact our customer service department to request a copy. You can also view the catalog on our website at <http://www.shopchristianliberty.com/content/distributors/CATALOG.pdf>.

Regrettably, there is an error in our 2018 Product Catalog that you need to know about. On pages 26 and 37, we mistakenly listed the price of the textbook for *Streams of Civilization, Volume One*, third edition as being \$35.95. However, list price of the textbook is actually \$39.95. We have made the necessary corrections in the PDF edition of this catalog on our website.
