

Christian Liberty Press

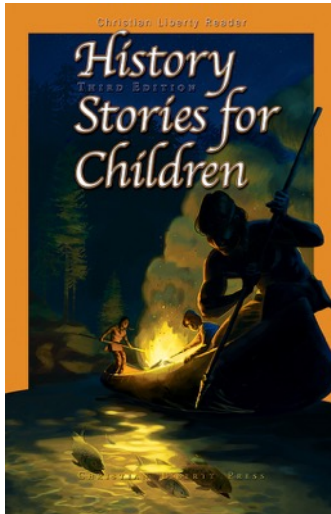

Your Partner in Training Disciples for the Lord Jesus Christ

NEW EDITION

We have recently completed our *Christian Liberty Reader* series, with the release of the third edition of *History Stories for Children*. You can now offer your students or customers an entire reader series for grades 3–6.

HISTORY STORIES FOR CHILDREN, 3RD EDITION

History Stories for Children is a well-illustrated reader that exposes children to a wide variety of wholesome stories based upon famous historical events and personalities. Students sharpen their reading skills while they learn about such well-known people as Alexander the Great, King David, George Washington, and many others.

This new third edition has been reformatted, updated, and expanded. It has been enhanced with additional poetry, extension activities, and new four-color images. To make this a complete course, tests have been added and a student exercises workbook has been created for use with a number of the extension activities in the reader. The teacher's manual ties all the parts of the course together.

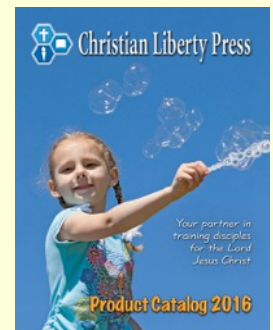

The second edition of *History Stories for Children* is now out of print and is no longer available. We have no plans to reprint it in the future.

ASTRONOMY SUPPORT MATERIALS

Christian Liberty Press has long published an astronomy course entitled *Lift Up Your Eyes on High*. This course includes a textbook, teacher's manual, and a test packet. We have recently developed revised versions of the test packet and teacher's manual. The revisions include enhancements to the star charts and other corrections to the teacher's manual, as well as minor corrections to the tests and the addition of a test key at the back of the test packet. We have created new ISBNs for these support materials. See below for these details.
