Your Partner in Training Disciples for the Lord Jesus Christ

Thank You

This past year has been a difficult one for all of us. Many have suffered from COVID-19, and the nation has been adversely affected by the social and economic impact of the coronavirus.

In spite of these serious problems, the homeschool community grew significantly during 2020 as in-person public education was largely shut down for much of the year. Many new families joined the ranks of the nation's homeschoolers last year. Lord willing, they will continue to educate their children at home, while others become new home educators as well. We thank you for your efforts to serve these homeschool families with products from Christian Liberty Press.

NEW FOR 2021

We are releasing updates to several existing titles this year. Read about them below and see the product details in the information chart on the third page. Most are available now and all will be in stock by early June. Feel free to request samples as they become available.

God's Creation Series

We are pleased to announce that this year we have completed the revision of our early elementary science series: *God's Creation Series*. The following are the latest second edition courses in this series.

- *God's Wonderful Works*—The second edition includes text corrections and image updates. The contents of the teacher's manual and test packet remain unchanged but were updated to reflect the new edition. In stock now.
- *Exploring God's Creation*—The student workbook has been completely rewritten and reorganized in the second edition. It has an increased number of topics and related activities covered in the course. The workbook also includes new, four-color illustrations throughout. In stock now.
- A new, separate teacher's manual has been developed for the second edition of *Exploring God's Creation* that provides general teaching tips, further information on the chapter material, suggestions/clarifications for the hands-on activities, and suggested student field trips. A recommended weekly schedule and answers to the chapter review questions are included. A separate test packet, with an included test key, is also available. In stock now.

Product Updates

We have also made changes to the following three titles to improve the quality of the student experience but without making them second editions.

- *Foundation for Freedom*—The student workbook has been revised with text corrections and modest changes bringing it up to date. The content of the teacher’s manual and test packet are unchanged but have been updated to reflect the new edition. In stock now.
- *Honest Money*—We have prepared a Christian Liberty Edition with a new cover and newly laid out text. We have also made minor corrections to the content without detracting from Dr. Gary North’s original 1986 edition. Available in June.
- *Mr. Pipes Comes to America*—This book has been revised with a reedited text and the inclusion of updated images. Available in May.
